Be sure to pack your finest denim as you set off for “the city music calls home” – Nashville, Tennessee! First, you'll get settled into your 4+ star downtown accommodations, just a short ride away from Nashville's Broadway Street where you can visit the Johnny Cash Museum & Café.

The following day, you'll explore the Country Music Hall of Fame at your leisure before heading to the Hatch Show Print Shop where you will learn the art of entertainment advertising and create your very own vintage poster to take home. Later, you'll be guided to the famous RCA Studio B, where more than 1,000 American hits have been recorded by the likes of Elvis and Dolly.

In the evening you can visit the famous clubs of “Honky Tonk Highway”, where the creative energy of this city flows through the air and the music is always live. Upon these hallowed stages, artists such as Willie Nelson, Gretchen Wilson and Kris Kristofferson began their careers. So don't be surprised if the person you see on stage becomes the next superstar! Or you might enjoy an evening at Bluebird Café, where some of the world's most significant songwriters perform their own creations.

The next day you'll peer behind the curtain at the one and only Grand Ole Opry House, where the world's longest-running live radio show is still performed. Your tour guide will show you an exclusive look behind the scenes and share a few of the many stories about the country music superstars who have played this renowned stage.

Your final day in Nashville is yours to do as you please. Maybe you'd like to sample some of the widely celebrated hometown “hot chicken”, check out some local distilleries or flip through stacks of vinyl in one of the numerous local record shops.
